

**Fairlawn and Haseltine Federation
Parent/Carer Online Safety Agreement**

We have an Online Safety Agreement in place to safeguard children in their use of technologies such as the internet, mobile phones etc. We want to ensure that:

- Children are responsible users who stay safe whilst using the internet and other communication technologies (for educational, personal and recreational use)
- School systems and users are protected from accidental or deliberate misuse that could put the security of the systems and the users at risk.
- Parents/Carers are aware of the importance of Online Safety and are involved in the education and guidance of their children with regard to their online behaviour.

The school will ensure that our students have access to technology to transform their learning and expect that they agree to be responsible users. A copy of the Online Safety Agreement is attached. Your child will sign this every year as part of an Online Safety lesson. If you have any questions about this agreement, please speak to the class teacher, or the Online Safety lead at each school (Kim Clark at Fairlawn and Aimee Steele at Haseltine)

As a parent/carers of a student at The Fairlawn and Haseltine Federation, I:

- Know that my child has signed an Online Safety Agreement and receives Online Safety education to help them understand the importance of the safe use technology – both in and out of school.
- Understand that the school will take every reasonable precaution (including monitoring and filtering systems) to reduce the risks of Internet use.
- Understand that my child's activity on the online systems will be monitored and that the school may contact me if they have any concerns about possible breaches of the Online Safety Agreement.
- Will encourage my child to adopt safe use of the internet and digital technologies at home, and will inform the school if I have any concerns over my child's online safety.
- Will give permission for my child to access the internet and other technologies in line with The Federation's Online Safety Policy and Computing Policy.
- Am aware that the Online Safety Policy is available on the schools' websites.
